

**Phosphorus
on your
lawn...**

**...can spoil her
lakes, rivers
and bays.**

Look for
the "0" in the
middle number
on the bag
18 - "0" - 18

**Phosphorus feeds
scum in water. Use
phosphorus-free* when
fertilizing your lawn.**

www.MaineDEP.com

***Use phosphorus only on a new lawn, when re-seeding,
over-seeding or recommended by a lab soil test.**
